### **DETAILED ACTION**

1. Applicant's response filed on 05/03/2005 has been fully considered. The 35 USC 112 rejection has been withdrawn in view of Applicant's comment.
2. Claims 1-20 are pending. (NOTE: Claims 11-20 are still withdrawn from consideration as non-elected invention).

### ***Election/Restrictions***

3. Applicant's election of Group I, claims 1-10 in the reply filed on 05/03/2005 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

### ***Claim Rejections - 35 USC § 102***

4. Claims 1-7 are rejected under 35 U.S.C. 102(e) as being anticipated by Tao et al. (US 2005/0008965 A1)

Tao discloses a printing plate precursor comprising a substrate and an imageable coating on the substrate, wherein the imageable coating comprising a sulfated phenolic resin (claim 1, [0028], [0034], [0035], [0036], [0037], [0038], [0039]). The imageable coating further comprises a radiation-absorbing component [0058].

***Response to Arguments***

5. Applicant's argument is based on that Tao does not teach the use of sulfated phenolic resin in the imageable coating layer. This argument is not persuasive because an aryl group comprises a group of atoms derived from benzene or benzene derivative by removing one hydrogen that is bonded to the benzene ring. Sulfated phenolic resin is a benzene derivative, which is equivalent to the claimed sulfated polymer. Thus claims 1-10 stand rejected.

***Conclusion***

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
